## A message from the headteacher

The start to the school term has been very positive and I have been so pleased to see so many smiling faces around school. Across the school there is a real buzz about the learning taking place and it has been lovely to see so much engagement in lessons. All year groups have planned exciting learning opportunities and this includes the introduction of our new STEM (Science, Technology, Engineering and Mathematics) learning and our new project curriculum across the school. We are currently updating our website to ensure it reflects our new school curriculum, look out for the information.

**Kerry Payne**

<b>20th Dec</b>	Last day of term
<b>23rd Dec - 3rd Jan</b>	Christmas break
<b>6th Jan</b>	All pupils return to school

## All weather school

We are an all weather school, whatever the weather we encourage children to go out and play as well as learn. To ensure that children are prepared for being outside in all weathers please ensure your child has an appropriate waterproof coat and a pair of wellington boots in school.

## We need you!

We spent time last year developing our own garden area and have successfully grown a large selection of fruit and vegetables including tomatoes, squashes and sweetcorn. In order to continue to develop our garden we are looking for volunteers to come and help! If you have any time available during the school day and you would like to help us with our school community garden please leave your details at the office to pass onto Miss Weaver.

## Attendance

We have had a noticeable increase in holiday requests recently. Unless the circumstances are exceptional and have additional evidence to support the request they will be unauthorised.

We are aiming to improve our attendance further this year, we currently are just below national expectations for good attendance. Mrs Sharpe will be sending further information home regarding absences and the impact this has on learning.

**Growing learners. Growing leaders. Growing citizens.**

16th September

Lily C is a growing learner for effort to learn in her early morning learning.  
Cameron C is a growing learner for amazing effort when publishing a letter in English.  
Amber P is a growing learner for amazing effort when publishing a letter in English.  
Beau F is a growing learner for his amazing effort in English.  
Jensen C is a growing learner for trying really hard when sticking his learning in his book.  
Levi B is a growing leader for being a great role model in PE.  
Connor Y is a growing leader for being a great role model in PE.  
Zachary D is a growing learner showing great resilience in PE.  
Tia B is a growing learner for being resilient when writing a newspaper in project.  
Jayden J is a growing learner for being resilient when writing a newspaper in project.  
Omowunmi A is a growing learner for being resilient when writing a newspaper in project.  
Troy T is a growing learner for being resilient when writing a newspaper in project.  
Leo A is a growing citizen for helping another pupil when making 3D shapes in DT.  
Eli S is a growing learner for creating a 3D shape as part of the planning process for a stone age house.  
Maisy M is a growing learner for creating a 3D shape as part of the planning process for a stone age house.  
Jasmine G is a growing learner for creating a 3D shape as part of the planning process for a stone age house.  
Alfie B is a growing learner for creating a 3D shape as part of the planning process for a stone age house.  
Scarlett P is a growing learner for creating a 3D shape as part of the planning process for a stone age house.
