Dear parents and carers,

We believe that the weekend before SATs should be a homework/revision free time. We would like the children to rest and have fun. Here are some suggested activities that the children could complete instead.

- See friends
- Play outside
- Play a board game/do a jigsaw
- Go on a bike/scooter ride
- Go for a walk
- Eat an ice-cream
- Cook or make something
- Watch something on TV that makes you laugh
- Try something new (a food, activity or hairstyle)
- Help out at home
- Make someone laugh
- Collect 5 interesting things from outside
- Draw a picture
- Go on a litter pick

Next week we would like to offer the children an opportunity to come to a free breakfast club. Not only does this ensure that all of the children have eaten with their friends ahead of SATs, but will also provide a relaxed and fun start to the school day. We will play music, laugh, sing and set the mood for the day. We are hoping this will make SATs week fun and help the Year 6s feel special and positive. Children should enter the building through the office at 8.15am and come straight up to the year 6 classrooms. Please advise the office of any food allergies in advance. Thank you.

After each paper there will be some down time that will include being outdoors (weather permitting) so that the children can work off energy, be loud and let off steam. Each afternoon there will be art based learning about plastics as well as personal development learning about keeping healthy, together with some programming on the computers.

We hope you will agree that the children have already worked really hard this year and will continue to do their best. If you have any concerns about your child next week, please do not hesitate to contact a member of the team and we will do our best to help.

If you have any difficulty with travel next week, or feel that your child may be late in please contact the school office as soon as possible. Thank you very much.

Kind regards

The Year 6 Team
