LQ: should the Celts take on the Romans?

LI: to offer reasonable explanations for events or people's actions

Help me, my people! We need to ^{gather} ~~collect~~
a strong tribe the Romans may
have too much confidence and
control compared to us. We should
fight back because ^{they're} ~~there~~ just too
bossy and selfish for us to
agree to be their slaves. They can't
take charge or do any more harm
^{to} ~~for~~ our tribes. This is now becoming
ridiculous. They're too ruthless
and controllable and they are very
nasty. I beg you to stand up and fight.
